Profile

Creative UI/UX Designer with 1.2 years of experience in designing intuitive and user-friendly digital experiences. Proficient in conducting user research, creating wireframes, and developing interactive prototypes. Skilled in design tools like Figma and Framer. Collaborated closely with cross-functional teams to deliver visually appealing and functional user interfaces, enhancing overall user satisfaction and engagement.

Projects

Healmate,

A Shift Management App for Healthcare Workers

- Designed Healmate, a mobile app to streamline shift scheduling for healthcare workers.
- Conducted user research at two hospitals to inform the design process.
- Developed user personas, flows, and high-fidelity designs for the app.
- Built a UI Kit in Figma to ensure consistent and professional design.
- Created a solution that professionalizes shift management and saves time.

Shuzu, Simplified shoe buying experience

- Build a user-friendly mobile app to enhance the shopping experience.
- Add 360° product views and easy-to-use customization options.
- Offer one-day delivery for regular shoes and standard delivery for customized ones.
- Streamline the shopping flow for faster, smoother purchases.

RydR, Autonomous Cab Booking Mobile Application

- In Progress

Education

B.Tech,

Vasantrao Naik Marathwada Krishi Vidyapeeth

2016 – 2020
